One of the world's most successful professional choirs is coming to Grayshott on Friday 20th November

The 26-strong choir, Polyphony, presenting their first live performance of Sir Karl Jenkins' *Motets* since releasing their chart-topping CD last year. The programme includes 19 of Sir Karl's most popular melodies performed unaccompanied and conducted by the choir's founder, Stephen Layton. Local Jenkins enthusiasts will be especially delighted to hear two of the movements, *The Shepherd* and *Nunc Dimittis*, are arrangements of movements from *The Healer – A Cantata for St Luke* which received its world premiere at St Luke's Grayshott in October last year. This was commissioned by Grayshott Concerts, followed by the US premiere at the Carnegie Hall, New York in January.

Polyphony have received plaudits for their performances and recordings from around the world. "It's a huge honour to host such a prestigious and world-famous choir at St Luke's," says organiser Vivien Harrison, "and it's very exciting looking forward to them performing an evening of our patron, Sir Karl Jenkins', most popular compositions."

Grayshott Concerts 2015 Sponsor, Ian Gough of Keats of

Grayshott estate agents says "We're very proud to play a part in bringing these amazing world-class performers to Grayshott. It's going to be a wonderful event."

During the evening, Sir Karl will give an interview with Sam Jackson, managing editor of Classic FM, and this will be Sir Karl's first public appearance in the village since receiving his knighthood in the Queen's Birthday Honours list in June. The concert follows the September launch of Sir Karl's latest CD, *The Healer*, recorded live at the Grayshott world premiere for broadcast by Classic FM and now released on the Warner Classics label as part of a boxed set. The commissioners of the work, Peter and Vivien Harrison, to whom the work is dedicated, have secured a limited number of single CDs, signed by the composer, available on a 'first come, first served' basis.

● The event coincides with the launch of Sir Karl's autobiography, *Still with the Music*, and the author will be on hand to sign copies of the book and the CD. For tickets and more details, visit www.grayshottconcerts.co.uk or call **01428 606666**.
